

APAC Real Leadership Virtual Calendar

Building Resilience to Achieve Ambitions

Resilient employees are better equipped to rebound quickly from setbacks and adversity. When facing difficult situations, they demonstrate confidence, stay committed to their goals and rise to overcome challenges. Join this webinar to explore tips, tricks and best practices to build your personal resiliency to achieve your ambitions.

Being an Inclusive Leader

This course will help you in understanding Inclusive Leadership and Inclusive behavior in turn leading to more balanced participation and better decision making

Career Accelerator Series: Kick your career in higher gear

Are you ready to jumpstart your career? Have you been thinking about approaching your manager to discuss ways to accelerate your growth and development? This engaging and informative instalment of our 'Career Accelerator' series answers these questions and many more! This course is designed to help you take charge of your career and kick it into high gear. If you've ever wondered what you can do and where to start your career growth, this is the course for you.

Career Accelerator Series: Boost your teams performance

Do you bring a growth mindset to the workplace each day that helps your team members learn and develop? The best managers approach everyday situations with a coaching mindset that empowers their team to overcome challenges and grow new skills. Join us for this 60-minute webinar to learn tips, tricks and best practices to accelerate your team's performance through individualized coaching conversations.

Career Accelerator Series: Rapidly Develop your Team

Help your team grow today! In this 60 minute action packed webinar you will learn about Career at JLL and the role of the manager as a coach. You will be able to unlock your team's potential and help them create meaningful career development plans. Lastly, you will know how to have a Quality Conversation about career and be ready to take action

Coaching for Excellence

This program integrates a strong self-assessment and includes pre-workshop self-assessment to gauge your current coaching skills, 2 x 2 hour dynamic and interactive webinars and Coaching Emersion with specific tasks and follow up to embed key learnings back on the job.

Cultural Inclusion

This course aims to increase participants' cultural awareness and competence to create greater inclusion across cultures

Human Centred Design The Basics

Design thinking, also known as human-centered design is a way of problem solving that nurtures key innovation behaviours

Inclusion & Well-Being at Work

When workplaces are inclusive it promotes employee sense of belonging and well-being. This webinar focuses on how to be more inclusive in the workplace and why is important for performance and well-being. We will also hear real life stories of inclusion and share tips and tricks on how to feel inclusive.

Some courses take participant registrations via MY Learning while others are by **Nominations ONLY**

For Nominations please contact your L&D leads :

Leading a high performing team in a flexible work environment

This 120 mins session focuses on helping managers explore aspects of building trust, performance management and communication.

Leading Others

The Leading Others program was designed for new managers and prepares you to help our clients and our people achieve their ambitions. The program is focused on our six globally aligned leadership capabilities Drive Change, Help Others, Think Big, Inspire, Get It Done and Business First. The goal of the Leading Others program is for all people managers to learn how to embody these capabilities and bring them to life every day.

OUCH that Hurt! Inclusive Conversation Awareness @JLL

A 'micro aggression' is a statement, action or incident regarding as an instance of indirect, subtle, or unintentional discrimination against members of a specific group. In this training, you will learn how to recognise micro aggressions, how they impact and how to respond when you are on the receiving end to change the conversation.

Personal Excellence

The ability to perform well at work often rests on two key elements – personal effectiveness and the ability to communicate effectively. The Personal Excellence program is developed to address these two elements and comprises of two key courses – 'Personal Effectiveness' and 'Conversations at Work'. Participants will be introduced to practical and easy to understand concepts and tools that are applicable to their daily work situations. Designed for individual contributors and managers.

Present to Win

This workshop is set at an intermediate level for Presentation Skills. If you want to learn the essentials and more on what makes an effective presentation, this is the workshop for you. This workshop is hands-on, and requires practice through 'present back' activities.

Stress Management: Balancing Pressure & Performance

The ability to perform under pressure is a critical skill in today's environment. When we successfully mitigate our stress levels, we are better prepared to think clearly, process information and get work done effectively. Join this webinar to explore tips, tricks and best practices for managing your stress to unlock great personal performance.

Your Mind Matters

Your Mind Matters is a series of mental health wellness webinars to spread awareness of mental health among our employees.
